BETTER CROPS WIT

The Pocket Book

TABLE OF CONTENTS

JANUARY 1954

Persons of Simplicity ..... *Jeff McDermid* 3
Some Crop Potentialities in North Carolina ..... *W. E. Colwell* 6
High-level Fertility Makes Balbo Rye Roots More Effective ..... *H. J. Snider* 9
Farm Income in 1954 ..... *P. O. Davis* 11
Soil Test Summaries Can Be of Value to Many Groups ..... *J. W. Fitts* 13
Relation of Potash & Phosphate to Cold Injury of Moore Pecans ..... *R. H. Sharpe, G. H. Blackmon and Nathan Gammon, Jr.* 17
What Shall We Eat? ..... *Firman E. Bear* 19
It Takes a Wise Man ..... *F. H. Jeter* 23
Response of New Wheat Varieties to Fertilizers in Pocket Area ..... *H. R. Lathrope* 25

FEBRUARY 1954

Back to the Campus ..... *Jeff McDermid* 3
Wisconsin Tops the Nation's 1953 Average Corn Yield ..... *C. J. Chapman* 6
Soil Testing Improves Soil Management ..... *C. L. W. Swanson* 9
Lime and Fertilizer Pay Off ..... *W. L. Nelson* 11
Feed in the Northeast—Buy It or Grow It? ..... *Richard Bradfield* 13
Irrigating Flue-cured Tobacco ..... *C. H. M. van Bavel* 19
Soil and Plant Analyses Increase Fertilizer Efficiency ..... *Jackson B. Hester* 23
Alfalfa Regains Favor With Tennessee Farmers ..... *William D. Bishop and James R. Turner* 26

MARCH 1954

Make Mine Milk ..... *Jeff McDermid* 3
Peanut Production Trends in North Carolina ..... *Astor Perry* 6
Fertility of Georgia Soils as Shown by Soil Tests ..... *Joel Giddens* 11
A New Spray for the Cure of Lime-induced Chlorosis ..... *W. T. McGeorge* 13
Some Aims of Soil Research ..... *Wm. A. Albrecht* 15
Fertilize By Test—Not By Guess! ..... *W. L. Garman* 17
The Place of Fertilizer in Community Improvement ..... *J. P. Carmichael* 19
Research in the Desert ..... *John M. Fenley* 21
Soil Fertility (Basis for High Crop Production) ..... *George E. Smith* 22

APRIL 1954

High and Mighty ..... *Jeff McDermid* 3
So You Want to Grow Alfalfa? ..... *P. E. Johnson* 6
The Fertilization and Liming of Pennsylvania Fruit Soils ..... *R. B. Alderfer* 11
Nutrient Balance Affects Corn Yield and Stalk Strength ..... *Flake L. Fisher* 15
Tung Culture Finds a Place in South Mississippi ..... *H. B. Vanderford* 18
Some Reasons for Poor Crop Stands ..... *R. P. Moore* 25

MAY 1954

Opening Doors ..... *Jeff McDermid* 3
Demonstration Farms Produce Efficiently With Grass ..... *Edward M. Henry* 6
Fertilizer Analyses Are on the Move—UPWARD ..... *Firman E. Bear* 11
Potential of Fertilizer Use for More Efficient Production as Applied to the Midwest ..... *K. C. Berger* 13
Oregon Can Produce More Strawberries ..... *R. Ralph Clark* 17
The Changing Fertility of New England Soils ..... *C. L. W. Swanson* 21

ITH PLANT FOOD

ok of Agriculture

January 1954 to December 1954

JUNE-JULY 1954

Mister Motorist, Watch Your Hearse Power ..... *Jeff McDermid* 3
Potash Pays on Forage in New England ..... *John L. Parsons and Mack Drake* 6
Fertility Increases Efficiency of Soil Moisture ..... *Dwight D. Smith* 11
Agriculture in the Philippines ..... *Ivan E. Miles* 13
Surveying California Citrus With Leaf Analysis ..... *M. E. McCollam and F. S. Fullmer* 19

AUGUST-SEPTEMBER 1954

Schoolin' ..... *Jeff McDermid* 3
Red Apples Require Balanced Nutrition ..... *W. D. Weeks, F. W. Southwick, Mack Drake and J. E. Steckel* 6
Apply Fertilizers in Fall for Old Alfalfa, Grass Pasture, and Timothy-Brome Fields ..... *C. J. Chapman* 9
Effect of Boron on Beets and Crops Which Follow ..... *Charles B. Sayre* 15
Lee—A New Soybean for the Mid-South ..... *Edgar E. Hartwig* 17
Soil Testing and the Land-Grant Colleges ..... *D. A. Hinkle* 19
Early and Delayed Grazing of Alfalfa, Orchardgrass, and Ladino Clover ..... *R. H. Lush, A. G. Van Horn and W. M. Whitaker* 22

OCTOBER 1954

Tradition ..... *Jeff McDermid* 3
Principles Involved in Soil Testing ..... *George E. Smith* 6
Peas for Canning or Freezing in New York State ..... *M. T. Vittum and A. R. Hamson* 13
Relation of Fertilizer to Quality and Yield of Flue-Cured Tobacco ..... *J. M. Elliot and L. S. Vickery* 17
Longer Life for Ladino ..... *B. A. Brown* 21
Better Fruit With Trace Elements ..... *Benjamin Wolf* 25

NOVEMBER 1954

Watersheds ..... *Jeff McDermid* 3
Drought ..... *Wm. A. Albrecht* 6
Fertilizers Increase Yield and Protein Content of Corn Forage in Illinois ..... *W. B. Nevens* 9
Soil Tests Are Influenced by Field Conditions and Sampling Methods ..... *E. M. Dunton, Jr., Margaret E. Taylor and R. B. Hall* 13
South Carolina's Approach to New Water Management ..... *C. P. Guess, Jr.* 15
Leaf Rust Reaction in Relation to Wheat Fertilization in Indiana ..... *K. D. Doak* 18
Foliar Application of Plant Nutrients to Vegetable Crops ..... *Jackson B. Hester* 23
Land! Water! People! ..... *T. S. Buie* 25

DECEMBER 1954

Was Youth So Long Ago? ..... *Jeff McDermid* 3
Alfalfa in Mixtures for Pasture, Silage, and Hay ..... *R. E. Blaser* 6
New Varieties Contribute to Wheat Production in North Carolina ..... *G. K. Middleton* 11
Potassium Affects Growth of Stocks ..... *Garth A. Cahoon and Duane O. Crummett* 13
Agriculture—From the Chemical Viewpoint ..... *Erwin J. Benne* 17
Systematic Soil Testing Points the Way ..... *J. E. Milligan* 20
Physical Condition of the Soil Affects Fertilizer Utilization ..... *R. B. Alderfer* 24
Economical Use of Fertilizer in North Carolina ..... *E. R. Collins and L. S. Bennett* 25
